

TOWER COPIERS

A Perfect Ten!

Duplicate using up to ten recorders in a single tower! Microboards' affordable, professional-level CD/DVD copying system is easy to use and fully-contained, operating without being connected to a computer.

High Volume Throughput—Ten Drives!

And solutions that go up to 16 drives in a single system!

Feature-Rich Controller Technology

Users of the Pro series gain access to advanced features, including the ability to store disc images, change recording speeds, keep job counts, and perform audio track extraction. A two-line LCD display and simple control interface make accessing those features easy for even novice users.

Two-Year Limited Warranty

Includes unlimited phone support, easily surpassing the single-year industry standard.
